Event website	<a href="http://social.csptoday.com/">http://social.csptoday.com/</a>
Description of the event (objective, target audience, , etc.)	Concentrated Solar Power conference and trade show. There were many international CSP entities present who are active in Southern Africa. In parallel to relevant industry agents, we were also able to make contact with the national and regional government officials as well as other research centres based and active in Southern Africa.
(Draft) Agenda (external link, or in annex to be uploaded to Box)	Unfortunately the agenda is no longer available for the 2014 event.
EU-SOLARIS partner(s) attending the event: name, entity, role (speaker, participant), etc.	The Coordinating entity, CTAER, was present through its delegate in Southern Africa, Sol LUCA DE TENA. She was an attendee to the event and was able to include some EU-SOLARIS project slides in the presentation dedicated to CSP Research and Innovation. This session was presented by Paul Gauché from the Solar Thermal Research Group at the University of Stellenbosch. This Research Group forms part of the EU-SOLARIS Advisory Board for Technical and International Cooperation.

<p>Communication / dissemination material needed (type of material and estimated quantities).</p>	<p>The project brochure as well as the slides included in the above mentioned presentation were used in the event. About 30 brochure were given out to specific interested representatives, including oral presentations by the CTAER delegate.</p>
